About the Company

▶ **DMM DEVELOPER TEXAS** is a distinguished design/build company that takes pride in guiding clients through every step of their project, from the earliest stages of the design process to the final completion

▶ With 17 years of experience, we have successfully delivered a diverse range of projects in the commercial, industrial, and residential sectors. Our unwavering commitment to attention to detail and prompt customer service sets us apart, ensuring your utmost satisfaction. We specialize in various areas, including fire restoration, asbestos removal, flood and water damage restoration, electrical improvements, heating systems, and fascia updates.

Services

we offer a comprehensive range of services tailored to meet your needs in the following three sectors:

Design Work: Our team of skilled designers possesses the expertise to review your ideas and suggest cost-effective solutions without compromising the quality you seek. We aim to optimize your vision while ensuring practicality and efficiency.

Land Development and Utility Work: From the initial dirt work to particular concrete installations and underground utilities such as Sewer, Storm & water supply, etc. our team has the proficiency to handle all aspects of land development. We leverage our expertise to create a solid foundation for your projects.

Services (cont..)

Plumbing, Electrical, and HVAC Solutions: Our experienced professionals excel in plumbing and electrical improvements, ensuring uniform installations and upgrades. Additionally, we specialize in HVAC systems, guaranteeing optimal comfort and climate control for your buildings.

DMM Developers specializes in new, out-of-the-ground, high-rise construction, as well as major renovations across metropolitan areas. Our extensive portfolio showcases our successful ventures in hospitality, residential, and educational buildings. With meticulous attention to detail, we transform your ideas into tangible structures that stand the test of time.

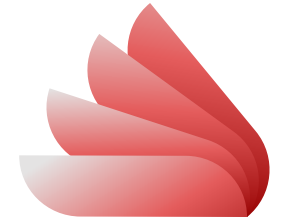

Financial Assistance for Your Success

Understanding the financial aspect of projects, we offer valuable assistance to our clients. Whether you require SBA (Small Business Administration) or Conventional loan services, we provide support in creating turnkey financial packages that facilitate loan approvals. With over seven years of experience in securing multiple loans through collaboration with various banks nationwide, our strong relationships give our customers a significant edge in the loan approval process. We gladly assist you in obtaining the necessary financing, leveraging our solid track record of successfully completed projects and the availability of capital sources for robust financial backing. Moreover, Safety is our top priority, and we take every measure to ensure that our worksites are safe for our team members and our clients. We are driven by a passion for excellence and efficiency and strive to deliver exceptional results on every project.

Continued 

Risk Management

We are fully insured and equipped to take on any task within the construction industry. We offer construction risk management services along with a completion commitment guarantee through a trusted third party. This includes comprehensive inspection and fund control to ensure that your project is completed with the highest standards of quality and within the agreed-upon time frame.

Unlocking Opportunities

Once the business planning phase is completed and the project scope is defined, DMM Developers opens doors to attractive financing models. For commercial projects, we typically expect investors or customers to provide 20% to 30% of the capital in available funds, while we work diligently to secure the rest.

Contact us Today When you are ready to embark on your next project, we invite you to reach out to DMM Developers for expert recommendations and competitive quotations.
